Dear Mr. Thompkins:

In respect to the Attorney General's recent letter to the President concerning the Government Employee Security Program, a copy of which was sent to this Agency by memorandum dated March 4, 1955, we have revised our internal procedural regulations covering suspension and termination of employees under Executive Order 10450. A copy of our proposed revised regulation is enclosed. We would very much appreciate receiving any advice and comment you care to make with respect to the regulation.

Very truly yours,

  
Lawrence R. Houston  
General Counsel
